

Scholastic Class Homepage

You can customize a Scholastic Class Homepage by posting homework assignments, announcements, class news, schedules, etc.

To set up your Class Homepage:

- Go to www.scholastic.com
- Click on teaching resources
- Select Class Homepage Builder
- Register now

Once you have registered by adding your name, school, email..., you will be able to customize your web page.

You will set up a username and password which will allow you to make changes to your homepage daily.

Parents will be given a separate username and password. To view the homepage, parents will go to www.scholastic.com and click on parent/student:login under “connect.”
